Send Your Directive

Be specific. Your bots interpret plain language and take action.

You

"Analyze our Q2 revenue and flag areas of concern"

CFO Bot

Understood. I'm pulling Q2 data now. Initial scan shows margin compression in Operations — down 4.2% vs Q1. Flagging 3 cost centers for your review.

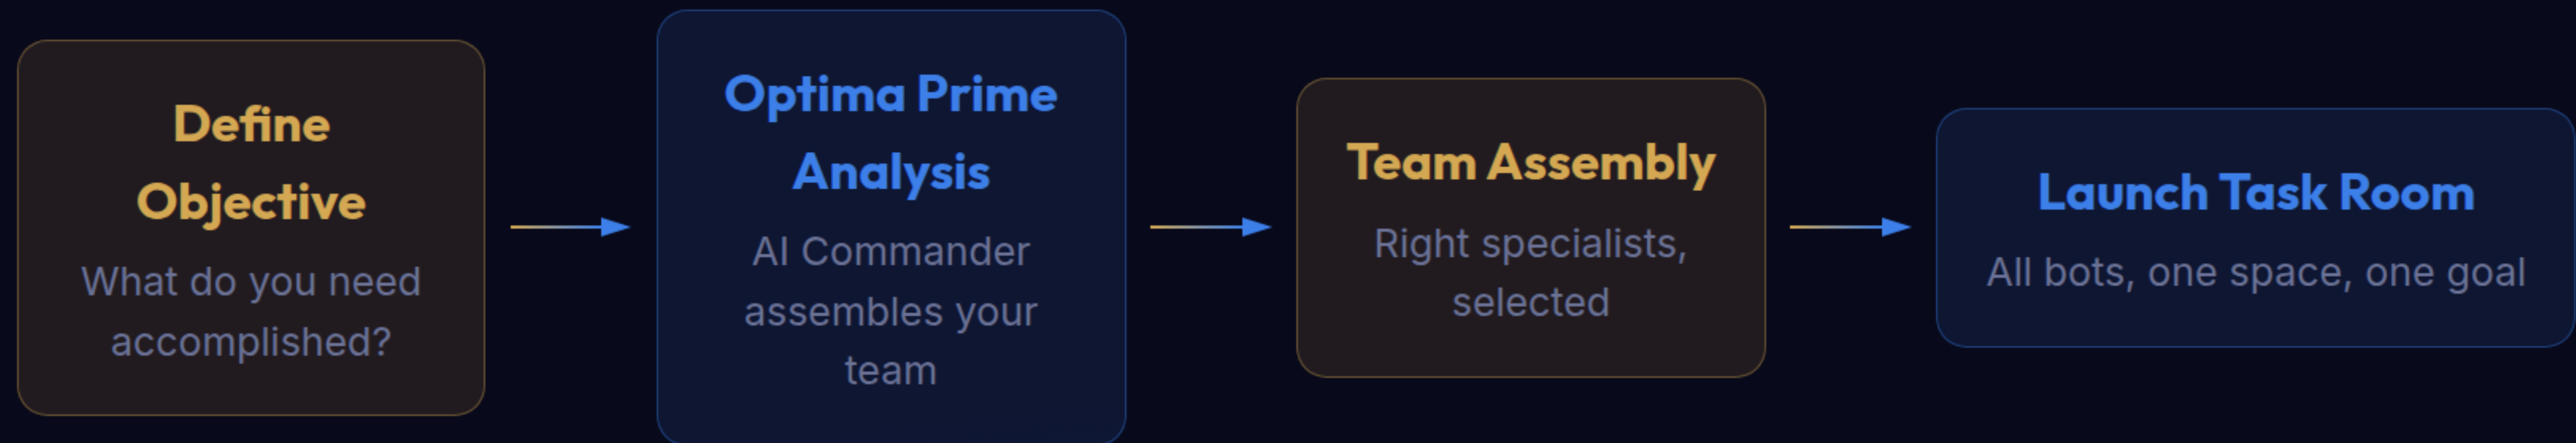

PRO TIP

Enable Deep Thinking for complex analysis

10 AI perspectives synthesized in parallel — for
strategic decisions that demand depth

Deploy a Team for Big Goals

Use Deploy Team when one bot isn't enough

→ Deploy Team in the left nav

OPTIMA PRIME

Optima Prime Assembles Your Team

AI Commander

- Analyzes your objective across all departments
- Proposes the right specialists for the task
- Suggests new bots where gaps exist

Lead Your Task Boardroom

"You are the Architect. Your team listens, collaborates, and executes."

- Direct the full team in one space
- Request specialist additions mid-session
- Track every action in real time

→ Boardroom in left nav

TASK BOARDROOM

You

Team, I need a full competitive analysis by EOD.

CMO Bot

On it. Pulling competitor AEO scores now.

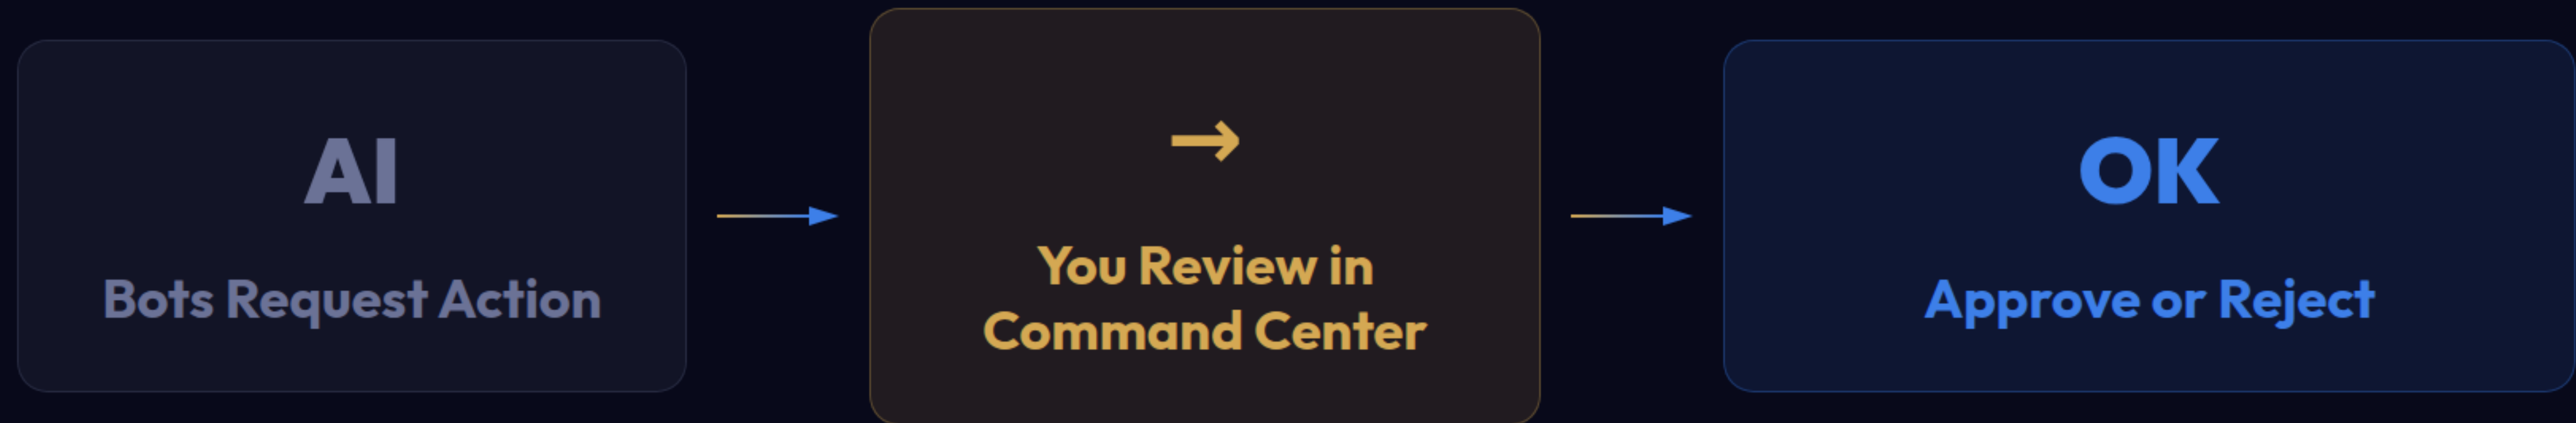

CFO Bot

I'll cross-reference against their funding history.

STEP 8

Stay in Control with Approvals

Sensitive actions require your sign-off before execution

"You govern every consequential decision. Nothing runs without your authority."
